

Final Hours

Presenter:

Travis Easton, RN, BSN, CHPN
Administrator, Brighton Hospice

The actual time of death creates unique issues beyond those encountered during the course of illness.

This presentation focuses on care at the actual time of death, emphasizing the preparation necessary to insure the best care at this critical event in the trajectory of illness.

Objectives:

Participants will be able to

- a. Assess an imminently dying patient and list five physical signs and symptoms of the dying process
- b. Assess physical, psychological, social, & spiritual care needs and interventions for an imminently dying patient & their family
- c. Discuss the role of the palliative care nurse surrounding the death of a patient
